25X1

21 September 1948

Chief, FBIB

Your memorandum dated 2 September prepared
for information of G-2, FEC.

1. Reference is made to your letter of 2 September to Colonel
White, subject as above.

2. This office has requested Bureau Chief in Tokyo to make a
survey over a period of 10 days in an effort to determine existing
time lag in connection with the material forwarded by mail from
Washington, Reseda and Kauai for information of G-2.

3. Reference is made to the last paragraph of this memorandum,
which requests permission to discuss with G-2 and other sections of
FEC the employment and clearance requirements for foreign nationals,
and to discuss foreign national wage scales and methods of payment
so that appropriate recommendations can be made to the Chief, FBIB,
Washington. In this connection, it is considered too early to get
down to all details of salaries, but it is agreed that exploratory
measures should be taken at the earliest practicable date to determine
salary scales existent on Okinawa.

L. K. WHITE
